Re: 9th Avenue Dump, Gary, Indiana  
U.S. Scrap, Chicago, Illinois

Dear Ms. Swales:

This letter will confirm our telephone discussions with you on May 23, 1988 and June 3, 1988. This law firm represents Illinois Tool Works which received a 104(e) information request regarding the two above-referenced sites. As mentioned to you, we have conducted an initial investigation with our client concerning any records they might possess pertaining to generation of waste transported to the two sites. To date, Illinois Tool Works has not discovered any independent information in its files which would substantiate its involvement at these sites. Illinois Tool Works' response to your request for information will therefore be answered shortly.

Illinois Tool Works will attend the general information meeting on June 9, 1988 and will want copies of all records EPA is to make available to the attendees.

Very truly yours,

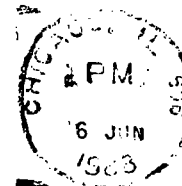

Mark R. Sargis

MRS/md
